Come join the celebration of the 35th annual Uncle Nathan's Day Party

We ask the community to come together; we are requesting those in media to come join this celebration to remind our community that the season truly is about coming together to make a difference for those that may be at a disadvantage. Peter Dwares and the Capitola Mercantile is once again hosting this annual event for youth. This will be their first stop of the day; next they travel to Roaring Camp to discover the wonder of our redwoods. Since 1980 this event has been helping to enrich & support children during the holidays. It is a chance for JOY & a special place for celebration of Christmas & Hanukah for these kids & their families. Some of our guests are actual “original” AASK kids; that first attended Uncle Nathan's Day when they were just 4 & 5 years old. Now they come to enjoy the event with their children to show that “love & kindness can come from many different sources in life.” Please come be part of this event! The kids LOVE to know they are supported of course they'll be Santa along with lots of food, fun, and music & smiles a bout even the local Fire Department brings their truck down for all to see.
